ABOUT US

AITAA-IC is Asian Institute of Technology Alumni Association – Indonesian Chapter, with more than 800 alumni in Indonesia.

The SYMPOSIUM is part of 3 days AIT Day Exhibition (2-4 May 2017) aiming introducing AIT to Indonesian prospective students. The theme of the symposium is Technology Management and Emerging Technologies related research work towards improvement in the sustainable development and human life quality. The symposium offers a platform to local and foreign researchers, academicians, engineers, executives and business maker, Policy maker and end-users of research to formulate new research collaborations through candid discussions during paper presentation and discussion. The symposium also offers an opportunity to strengthen existing collaborations for gaining tangible research outputs in short time frame.
